May 2016

From The Board

WOW! What a lineup of speakers! This year promises to keep you informed in the various tracts. Plan to cross-over and explore a tract that you may not have much experience with. We guarantee you will take something very valuable away.

And speaking of valuable, our keynote speaker Shawn Galloway will be giving all our attendees a copy of his latest book "Value Creation From Within Your Organization".

Every conference needs excitement and this year has 2 nights of great fun, a Casino Night and 80's Night. Make plans to attend the entire conference & fun!

Mark Hartz

Executive Board, President

Safety

The U. S. Department of Transportation announces the release of the 2016 Emergency Response Guidebook (ERG)

Is your company up-to-date on the new ERG? Have you established a program? Do you transport to Canada and know their ERG? **This is a great opportunity to learn all about the ERG at the 2016 Georgia Conference in Macon!**

<http://www.phmsa.dot.gov/pipeline/dot-releases-new-emergency-response-guidebook>

Health

Is your company prepared for the Zika Virus? Do you have employees traveling to know transmission areas? Are you hiring seasonal workers from South America?

<http://www.cdc.gov/zika/>

Environmental

PPG Confirms it will stop selling Lead-Based Paint by 2010

What? They still make Lead-Based Paint? Think your facility is free of lead paint? What do you do to protect your employees from exposure? Several topics will be presented at the Georgia Conference so be sure to attend.

HR/Legal

What is the regulation for supplying water to employees at a construction site?

You might be surprised that the employer must provide water and determine the conditions and quantity!
